Notes: **1.** Usually generated automatically with the possibility of correction by the students. **2.** Translations into other languages are carried out in collaboration with students (crowd sourced translation). **3.** Synchronized slides. **4.** Use of multiple choice embedded question. **5.** “Video Questions”, new feature available in beta version. Also the possibility to choose the ending of a video. **6.** Navigation of the video through transcriptions. **7.** Usually VideoNote.es, those are the platforms featured on its website. **8.** The use of the tool is promoted on their wiki page: [https://share.coursera.org/wiki/index.php/Third-party\\_Tools](https://share.coursera.org/wiki/index.php/Third-party_Tools). **9.** In most of the cases, videos on YouTube can be used by the external tools. **10.** Only available on YouTube's HTML 5 Video Player.
